

130 Candidates For 93 Town Meeting Vacancies

Assistant Town Clerk Ann Mahon announced yesterday that after February 8 at 5 p.m., which was the last day and hour for filing withdrawals of and or objections to all nomination papers and certificates of nomination, there were 130 candidates for the 93 town meeting member vacancies to be filled at the coming Annual Election on March 2. Of this number, 59 are candidates for re-election.

Following is the breakdown, by precincts, of the vacancies and candidates therefor:

3-Year Term

Finance Board Discusses Fire Police Raise

The fire and police raise article was discussed by the Finance Committee and five members of the eight-man Wage Committee of the Fire-Police departments Monday night.

A spokesman for the group, Jack Hughes, explained to members of the Finance Committee that fire and policemen should receive more money because of the greater knowledge needed by the fire and policemen today. Hughes added that the fire-policemen today have to study more to advance and to gain knowledge of the equipment used by the departments.

Chairman of the Finance Committee Kermit Strenz asked if the \$500 wage increase had been brought before the Personnel board. The answer was yes but that it had been turned down.

Should the \$500 hike be granted, the total amount needed to cover the raise would be \$67,125 this year, effective April 1.

Minimum pay under the raise request would be \$4200 for patrolmen and firefighters. One hundred and seventy-nine persons would be involved in the pay hike.

Members of the Wage Committee stated they felt the request was not out of line since other communities were asking for hikes which would bring the maximums to similar levels.

Registration figures for special sessions held in local fire fighter buildings, libraries and schools, continued far ahead of last year's pace this week.

Twenty-nine registered at the Peirce school Tuesday night compared to nine a year ago, while 13 registered at the Park Circle fire station compared to five in 1958.

Nine registered at the Cutter school January 29 against five a year ago and 13 registered at the Junior High East the same night as compared to two a year ago.

Earlier, 48 registered at the Dallin and East Branch compared to five in 1958.

Special registration sessions will be held tonight beginning at 7:30 p.m. at the Hardy school and Highland fire station where registration has been high in previous years.

The final day to register is Feb. 10 from 9 a.m. to 10 p.m. at the Town Clerk's office, Town Hall.

ASK TRUCKING
M.D.C. Commissioner Greenough will be requested in a letter from the Arlington Board of Selectmen to allow trucking on the Mystic Valley Parkway from Medford to Mystic streets.

RUSSELL COMMON DAMAGE PETITION FILED BY FOUR

Donovan, O'Brien Withdraw 25 Seek Eight Positions

Two candidates announced their withdrawal from contests in the March election thus leaving an official 25 residents to battle for eight openings.

Announcing that they were withdrawing prior to the 5 p.m. Tuesday deadline were John E. Donovan, 37 Ridge street, candidate for selectman, and John Henry O'Brien, 319 Mass. avenue, candidate for town clerk.

Thus the ballot come March 2 will contain the following names: Town Moderator — Lawrence E. Corcoran, candidate for reelection. Town Clerk — John R. Allen, Alfred M. DeVito, Daniel M. Hooley, Franklin W. Hurd, Ralph L.

LaValle, Ann Mahon, Robert O'Brien, and Russell D. Wedge.

Selectman — Robert R. Baker, John B. Byrne, John O. Parker, and Philibert L. Pellegrini.

Assessor — Walter S. Cooleage, Jr., candidate for re-election and Robert B. Walsh.

School Committee — John P. Morine, candidate for re-election, Velma B. Brown, Mary K. Carter, Joseph V. Christopher, James W. Daily, Francis J. Lombard, Frederick A. Mahony, and Dorothy Kelleher Meehan.

Housing Authority — James A. Coffey, candidate for re-election and Aloysius H. Weismann.

John E. Ryan, 637 Massachusetts Avenue, Arlington, last week was appointed Legal Assistant on the staff of Attorney General Edward J. McCormack. Attorney Ryan has been engaged in the practice of law locally for the past several years. He attended St. Clements, Boston College and Boston College Law School and has represented Ward 6 on the Somerville Board of Aldermen for the past 5 years.

Relocation To Cost Town \$55,000, Possibly More

The total adjusted construction cost for relocation of Mystic street will be \$119,570. Of this amount the Town of Arlington will have to pay \$55,000. If the Town is not able to obtain additional Chapter 90 funds for fiscal 1960, after July 1, 1959, the total cost to the community could reach the \$75,000 mark, according to Town Manager Edward C. Monahan.

The Town has received a communication from the Commissioner of the State Department of Public Works advising that the Chapter 90 allotment for 1959 for the Mystic street project will be \$25,000 from the state and \$12,500 from the county; Arlington's share will also be \$12,500.

Arlington expected \$12,000 more than what is to be received from the state. Had this amount been granted under 1959 Chapter 90, the state would have contributed \$21,500 and Arlington \$21,500. Arlington would also have had to contribute the rest to reach the \$119,570 construction cost mark.

Since the Town was unable to obtain the other \$18,000 from the state under this year's Chapter 90 allotment it will request the remainder under the 1960 allotment after July 1, which it will be allowed to do.

According to Town Manager Edward C. Monahan no work will be started until arrangements for all funds are completed. He added that work on relocation could not be started possibly before fall.

Meanwhile, Chapter 90 work on Park Avenue has had to be postponed because of insufficient funds from the state.

Originally, the Town had planned to utilize Chapter 90 funds for work on Pleasant street and Park Avenue under the 1958 allotment, but because of the insufficient funds will proceed with the Pleasant street project only. When that project is completed the entire situation will be re-appraised to determine what the next step may be in Chapter 90 work.

First Meeting
The first meeting of the year of the Middlesex County Selectmen's Association will be held February 25, at 6 p.m. at the Lexington Inn. Franklin W. Hurd of the Arlington Board of Selectmen is President of the group.

Suit Does Not Effect Town's Plans For Area

Four descendants of the Russell family have filed petition in the Superior Court for assessment of damages in connection with Russell Common. One process was served at the Town Clerk's office. The process is returnable to the court the first Monday in March.

The four bringing suit were named as Walter D. Gregg, Dayton, Ohio; Katherine S. Frost, Brookline; and Caroline W. Whitman and Florence W. Boyd of Arlington.

The Arlington Board of Selectmen was authorized to take the Russell Common by eminent domain at the adjourned session of Town Meeting, March 19, 1958. The same request had been turned

down in an article at a Special Town Meeting in November, 1957. The taking was signed by the Board of Selectmen in August, 1958.

Such land damage suits are not unusual where eminent domain takings by a community are involved.

The land involved, the Russell Common, is the complete responsibility of the Town of Arlington, and the Town has full use of such property even though a damage suit might be pending.

Similar situations existed when the town took land by eminent domain for construction of the Thompson, Dallin and Bishop schools.

Crosby Scare

Arlington residents, reminded of the Crosby school fire of almost five years ago and the recent Chicago blaze were given a brief scare Monday afternoon when the box was sounded from in front of the Crosby school. However, it turned out to be a false alarm.

Arlington firemen were prepared, however, just in case as engines 1 and 4, ladders 1 and 2 and the rescue truck responded to the call.

RECOMMEND

The Board of Selectmen voted to recommend subject to the approval of Town Meeting vote that the Town purchase the Lake street railroad property. The property has been offered to the Town for \$4500.

BOARD NOTES

The Board of Selectmen Monday voted to recommend that the fireplace equipment from the Robbins House which was stored in Town Hall, be turned over to the Arlington Historical Society.

Four "Television" Mathematics Professors from Northeastern University put their heads together in preparation for the inauguration of a televised mathematics course for high school teachers beginning June 1 over WGBH-TV, Channel 2. Those who will present the course sponsored by the Esso Education Foundation are left to right, Professor Edward J. Booth, Pleasant street, Arlington; Professor Barnett Rudman, Professor Joseph Spear, and Professor Roger M. Artoine all from Northeastern's Department of Mathematics.

Parent-Teachers Council Candidate Program Tonight

The Parent-Teachers Association Council will sponsor a Candidates Night at 8 p.m. at the Junior Library Hall.

The program is one that is held each year by the PTA group to give the voters of the community, an opportunity to see, hear, and question all of the candidates seeking election to this very important office.

Mrs. Milton Anderson will serve as Moderator.

Fathers-Sons Sunday At Local Parish

A Fathers and Sons Sunday will be held by the Immaculate Conception Holy Name Society of North Cambridge, Somerville, and Arlington, Sunday.

Fathers and Sons will receive Holy Communion at the 8 a.m. mass and then go to the school hall where refreshments will be served.

Boy Scouts of the parish will escort the Procession into the church.

The "Arlington Academy of Music" under the direction of Frank E. Ward Dean will direct the group consisting of eleven accordians and two drums.

Pellegrini Opens His Headquarters

The Pellegrini for Selectman Committee today announced the opening of a headquarters at 466 Massachusetts Avenue, in the In opening the headquarters Center opposite Medford street.

Pellegrini stated, "I have been immensely gratified and pleased by the offers of support I have received from all sections of the Town. In many instances old friendships have been warmly renewed." Pellegrini continued "With the headquarters now open, it is planned to hold organizational meetings at the precinct level. All interested people are invited to drop in at their convenience."

"The past two weeks the Pellegrini for Selectman Committee has been conducting a registration drive and the Registrars inform me that the registration is far greater this year as compared with other off-year elections. Unregistered voters are reminded that they may register this evening at the Hardy School or the the hours of 7:30 p.m. and 9 p.m., or at the Town Clerk's office each day between 9 and 5 o'clock. The final day for registrations will be Tuesday, February 10th on which day the Town Clerk's office will be open from 9 a.m. to 10 p.m."

"I believe that the people of Arlington want as their Selectman one qualified by education and experience. One who will confront the problem facing the Town and willing to make a positive stand on controversial issues without fear or favor. Anyone who is familiar with my service on the Zoning Board of Appeals can attest to my qualifications in this regard," Pellegrini concluded.

Woman's Club To Hear Kent

Don Kent, WBZ weather man will be the guest speaker at the meeting of the Arlington Woman's Club, at the Robbins Memorial Town Hall, February 12, at 2 p.m. Colored movies of New England will be shown by Mr. Kent during the program.

Also featured on the program will be Miss Roberta Sorbello, winner of the Massachusetts State Federation of Woman's Clubs music scholarship.

Featured in the Art Corner will be "weather gadgets" arranged by the Art Committee.

The Junior Woman's Club will hold a Bake Sale in the corridor.

Seated left to right: Mr. Sheehan and Janice Savani, representing the "Chronicle" newspaper staff of Arlington High School. These local prize-winning articles on tuberculosis and health careers are among those submitted from this state to the national judging by the National Tuberculosis Association and the Columbia Scholastic Press Association.

John H. O'Brien Withdraws From Clerk Contest

Attorney John Henry O'Brien, candidate for Town Clerk, announced this week that he has decided not to run for office in the forthcoming town election and that he has taken those steps necessary to keep his name from being printed on the March ballot. In a statement to this newspaper, Attorney O'Brien expressed his thanks to the many persons who signed his nomination papers thus placing his name in nomination for the office of Town Clerk and to the many who have otherwise endorsed him or pledged their support to his candidacy.

In explanation of his withdrawal, O'Brien indicated that there are a number of personal considerations and that, in view of the large number of excellent candidates contending for the office, he feels that the Town will have a full opportunity to choose a suitable successor to the late James J. Golden.

Grace Parker

Miss Grace Parker, former manager of the Arlington Advocate, died Sunday at an Arlington nursing home at the age of 89.

Miss Parker, lived most of her life in Arlington at 119 Pleasant street. She was the daughter of the late Charles S. Parker, editor-publisher of the Advocate from shortly after its founding in 1872 until his death in 1928.

She was a superintendent of the primary department in the Pleasant Street Congregational church, a charter member and an honorary member of the Arlington Woman's Club, an honorary member of the Arlington Friends of the Drama, and past president of the Anna Bradshaw Guild. She also was past chairman of publicity in the State Federation of Woman's Clubs and a member of the Arlington Republican Club. Surviving are her sister, Mrs. Harold Wood of Arlington, and two nephews, W. Parker Wood of Groveland and Leonard D. Wood, present managing editor of the Advocate.

Funeral services were held Tuesday at the Edith Fox chapel of the Pleasant street Congregational church, the Rev. John A. Heidt and the Rev. Lawrence Barber officiating. Burial was in Mount Pleasant cemetery.

Brackett P. T. A. To Hear Roens

Brackett PTA will hold a meeting on February 10 at 7:30 p.m. Dr. Bert Roens, Assistant Superintendent of Schools in Arlington, will be the speaker for the evening.

As his topic, Dr. Roens has chosen "Advance Study in the Elementary Grades". Refreshments will be served by Mrs. John E. Lundquist and Mrs. Remo A. Caroselli.

School Committee Slate Announced By Group Here

A complete slate for School of Mt. Holyoke College, is active in Town affairs and civic organizations, serving presently as a Town Meeting Member and the President of the Family Service Association. She has long had a special interest in the Public Schools, is a member of the School Citizens Committee, and has been President of the Crosby PTA and of the PTA Council.

"All three candidates have children in the Arlington Public Schools, and all are well qualified by education and experience to serve on the School Committee."

"Morine, who has served on the School Committee for a number of years, is Director of Vocational Guidance for the Massachusetts Dept. of Education, and is well known throughout the town."

"Mrs. Brown, an honor graduate

Allen Expresses Satisfaction With Response

The Town Clerk Candidate John R. Allen of 25 Wildwood avenue, Arlington, this week expressed great satisfaction with the tremendous response to his campaign.

A life long resident of Arlington, educated in the Arlington School systems, he is the father of four children, Jack eighteen, Barbara sixteen, Bonita nine, and Brenda five and one-half now in the Arlington Public Schools.

Many residents of the Mt. Vernon Street Area will remember Mrs. Allen, the former Louise H. Fennochetti.

Mr. Allen has been employed in the wholesale market of Boston for the past 28 years, and for the past 12 years as a Divisional Manager for the largest independent Meat Distributor in Boston. His responsibilities include the purchasing and selling of over two and one-half million pounds of meat per year.

He has the distinction of having served as a Town Meeting Member for over 15 years from three different precincts 2 - 4-7. In his only town wide effort, Allen received over forty one hundred (4100) votes in a hotly conducted race.

Mr. Allen is a Veteran of World War II with a distinguished war record. He is active in Veterans Affairs and is an Officer in Chapter 27 D.A.V.

Mr. Allen intends to devote his energies and business experience to fulfill the duties of Town Clerk.

GUEST SPEAKER

Robert A. Guest, Director of the John Hancock Playoffs of Boston; Y. W. players of Cambridge, and the New England Summer Playhouse, Brandon, Vermont, will be the guest speaker at the Matignon Guild Meeting, February 12 at 2:30 p.m. in the High School Auditorium.

Three Injured -

(Continued from page one)

treated by his own doctor after the bike he was operating on Gray street was in collision with a car said by police to be operated by Pearl M. Cuenin, Peabody. The boy was operating the bicycle out of a driveway onto Gray when the misap occurred according to police.

BRIDGE-WHIST

A pre-Lenten Bridge and Whist will be conducted by the Arlington Catholic Woman's Club on Tuesday afternoon, February 10, at 1:45 p.m. at American Legion Hall. Mrs. Daniel Wade is Chairman and Mrs. John T. Hawkes is chairman.

Valentine Tea

The Annual Valentine Tea of the Arlington Garden Club will be held in the Junior Library Hall, February 11, at 1 p.m.

Mrs. Margaret L. Wood will lecture on "Flowers in Hobby Arts", and will illustrate her talk by decorating on glass, metal, wood, lamp shades and pictures.

A display of hobbies in the form of floral creations will be shown by members of the club.

STUDY CLUB

The Kensington Park Study Club will hold a meeting Feb. 10, at 1:30 p.m. Mrs. David Davidson of 6 Oak Hill Drive will be the hostess for the afternoon.

Miss Caroline Higgins will present her paper: "New Antartica, the New Frontier" followed by the paper of Mrs. Morton Bradley, "Contemporary Art."

"Experience Should Be Prime Factor" Says Miss Mahon

It is important that the policy of the department to render courteous cooperation and efficient service, to which the citizens of Arlington are entitled, continues uninterrupted."

"Although other candidates have had experience in their various fields, in both public and private life, none can compare with the first-hand knowledge of the affairs of the Town which I have attained during my six years in the Office of the Town Clerk, under the wise guidance and expert leadership of the late Town Clerk James J. Golden. During this time I have been in everyday contact with other departments of the Town, as well as with the citizens in their various dealings with local government. I have actively participated in the conduct of elections and town meetings and the registration of voters, in addition to carrying out the many other statutory obligations of the Town Clerk's Office."

"May I respectfully request that the voters of Arlington consider my qualifications as a candidate for Town Clerk as they cast their votes on March 2?"

Assorted white flowers decorated St. Joseph's Church, Belmont, for the wedding of Miss Britta Consales, daughter of Dr. and Mrs. Peter A. Consales, 99 Prospect street, Belmont, and Mr. Arnold Christopher Cammarata, son of Mr. and Mrs. Guy C. Cammarata, 16 Foxmeadow Lane, Arlington. The 10 a.m. ceremony was performed by Monsignor John R. Wall with the Rev. Boyle assisting.

Given in marriage by her father, the bride wore an ivory peau de soie gown with a portrait neckline of reembroidered alencon lace and a pearl yoke applied on finger tip sleeves. The trapeze back was adorned with hand-made roses ending in a court train. Her elbow-length veil of three full circles of pure English silk illusion was caught to a double beaded crown with hand made roses to match the back of her dress. She carried a white fur muff arranged with stephanotis and white Vanda.

Maryanne Baratta, 6 Addison street, Arlington, was maid of honor. She wore an Emerald green velvet sheath dress with jewelry length sleeves and a trapeze back with a portrait neckline. She carried a gold fur muff arranged with Birds of Paradise flowers. Her headpiece was a feathered crown face veil.

Jean Amorosi, Brooklyn, New York; Julianne Sullivan, Marblehead, and Patricia Tosi and Madeline Quinn, both of Belmont, were bridesmaids. They were

dressed identical to the maid of honor.

Serving as best man was Mr. Robert Lovezola, East Boston and sharing usher duties were Pardo Pardi, Germantown, Pennsylvania; Ronald Cammarata, 50 Fairmont street; and Anthony Gatto, 32 Everett street, both Arlington, and William Kasper, Waverlytown.

The mother of the bride wore an apricot velvet sheath dress and a corsage of cypripedium. The bridegroom's mother wore a dusty rose satin sheath dress with matching accessories and a corsage of white orchids.

The couple went on a wedding trip to Montego Bay, Jamaica, and the British West Indies, with the bride dressed in a pink light weight wool dress with hat and shoes to match, a beige leather bag and gloves to match.

The bride attended Marycliff Academy and was graduated from Marymount College, Tarrytown on Hudson, New York. Mr. Cammarata is a Cambridge Academy graduate and a 1953 graduate of Boston College. He also attended Northeastern University Graduate School of Business Administration and is now a Middle Atlantic States area sales manager for Old Town Carbon and Ribbon Corp. He is also a naval reservist in the submarine service division.

After their honeymoon, the couple plan to live in Pittsburgh, Pennsylvania.

To The Editor

The Arlington News
Arlington, Mass.
To The Editor:

With Town election campaigns under way, I should like, through the medium of your paper, to re-state once again the nonpartisan policy of the League of Women Voters.

The by-laws of the League of Women Voters of the United States states that the League "shall not support or oppose any political party or candidate." This policy of nonpartisanship has always been a source of strength to the League. It must be zealously guarded.

To protect this policy, the officers and directors of the Arlington League are required to abstain from all partisan political activity during their term of office. The officers and directors to whom this applies are: Mrs. Kenneth C. Spengler, Mrs. Mark Bradford, Mrs. Raymond Yeaton, Mrs. A. Henry Ottoson, Mrs. Joris Brinkerhoff, Mrs. George C. Rogers, Mrs. Gordon Shillinglaw, Mrs. George T. Critz, Mrs. Edward Holland, Mrs. Edmund Sullivan, Mrs. Donald Pettet, Mrs. David Ashton, Mrs. Charles Blackmon, Mrs. Richard Carter, Mrs. John Kossack, Mrs. William McMahon, Mrs. Richard Moran, Mrs. Chester Protheroe.

All other members of the League acting as private citizens are urged to take an active part in this election by working for the candidates that in their opinion are the best qualified to hold office.

The League of Women Voters feel that its service to the community is to make known the qualifications of ALL CANDIDATES. We hope to do this by publicizing in this newspaper a candidates questionnaire on February 19, and by offering all candidates the privilege of the public platform at Candidate Night to be held at Junior High East on

Wednesday, February 25 at 8 p.m.
Very truly yours,
Margaret Spengler
President, League of
Women Voters of Arlington

To The Editor;

I am writing you in regards to Ralph L. LaValle who is seeking the Office of Town Clerk. Having known Ralph for a number of years, I know he has the qualifications to fill the Office he seeks. He is a graduate of the Cambridge School System, and has lived in Arlington for the past twenty years. He is a homeowner and taxpayer. He has been a member of the Board of Cemetery Commissioners and is a present member of the Board of Health. He has been married to the former Eleanor M. Dore for twenty-four years and is the father of three children, Frederick L. who is a graduate of Arlington High School and is now attending Northeastern University, Ralph W., who is also a graduate of Arlington High and who is now attending Boston College, and Theresa Mary, who is attending North Cambridge Catholic High School. I know Ralph has the sincerity and integrity that the Office of Town Clerk has had in the past and will have again if Ralph is elected.

Sincerely,
Mrs. Mary Ella Tripp
Wilton A. Tripp

STUDY CLUB

The Arlington Heights Study Club will meet February 10, at 2:30 p.m. at the home of Mrs. Paul Kill, 21 Kensington Park.

A paper entitled "Shallow Brooks and Rivers Wide" will be presented by Mrs. J. Frank Briggs. The program of the club for this year is "Rivers of the World".

Hostesses for the meeting will be Mrs. Waldo G. Edwards, and Mrs. Mauritz Anderson.

Services Friday For Mrs. Ryan

Mrs. Frances Ryan, 81, mother of Arlington Police Chief Albert E. Ryan, died at the home of her daughter, Mrs. Mary L. Macinko, St. Petersburg, Florida, Saturday night.

A native of Somerville, Mrs. Ryan had lived on Willowood ave., Arlington for fifty years before moving to Florida in 1956.

She is also survived by two other sons, Edward T. of Sheridan, Indian, and James F. of Clearwater, Florida; 15 grandchildren; and four great-grandchildren.

Funeral services will be held Friday from the O'Brien Funeral Home, 226 Mass. avenue, Arlington, with a solemn high mass in St. Agnes church at 9 a.m.

Burial will be in Mount Pleasant cemetery.

Minute Man Council Holds Observance Of National Boy Scout Week Locally

"A Scout Is Friendly" is the theme that marks the observance of National Boy Scout Week as the country's 4,780,000 Cubs, Scouts, Explorers and adult leaders join in launching the fourth and final year of Scouting's "Onward for God and My Country" program. Since its beginnings in 1910, more than 29 and a half million persons have been identified with the Boy Scouts of America and in the Scouting movement whose aim has been and is to "promote the ability of boys to do things for themselves and others, to develop skills, self-reliance, initiative, physical strength, endurance, courage, patriotism, and those other qualities which contribute to the very highest type of citizenship."

ON COMMITTEE

A. Zalesnik was elected chairman of a nomination committee of the Arlington-Lexington-Beaumont Jewish Community Center, Jan. 27. Also named to the committee were L. Chorney, L. Dervy, S. Rosenfield, and R. Stein.

At the same time a proposal to adopt minimum Bar and Bar Mitzvah standards were tabled until the March meeting.

Velma B. Brown States Her Qualifications

Mrs. Velma B. Brown of 45 Cleveland St., East Arlington, whose candidacy for School Committee has been announced in this paper, made the following formal statement this week:

"I am proud to be running for School Committee on a joint slate with John P. Morine, who is a candidate for re-election, and with Dr. James W. Daily, who is a registered engineer and a professor at M.I.T.

"As the mother of three children in the Arlington schools, I have a deep personal interest in the performance of these schools. This is not unimportant, it is natural for a parent to want the best in education for his children; the best in instruction, in administration, in plant and in equipment. This is what I want.

"This is what most of our parents want and I think I could

represent their views effectively on the School Committee. Translating the hopes and aspirations of our parents into educational policy is, after all, the principal of the Committee.

"On the basis of broad experience in town affairs I think I know something of these hopes and aspirations.

"I am a charter member of the Arlington School Citizens Committee and I have been especially active in Parent Teacher work, starting as a board member at the Crosby School and ultimately directing the work of all the P.T.A.'s in Arlington as president of the Arlington Council.

"I think this kind of background, which comes only from experience, would be of very great value to me as a member of the School Committee.

"All this does not mean I am star-eyed and impractical on the subject of schools. As a Town Meeting member from Precinct I, I know the hard economic facts of life.

"These are my qualifications—except for something I am not.

"I am not and never expect to be a candidate for any other elective political office. Too often our candidates for School Committee are really using the office as a stepping stone to something else. My only ambition is to make our school system the best possible.

"I earnestly solicit the support of the voters both for my candidacy for School Committee and for John Morine's and Dr. Daily's. This, I think, is a balanced ticket that will effectively serve the interests of all our citizens."

TO OFFICIATE

Dr. Alvin D. Kaplan, Chancellor Commander of Ivanhoe Lodge, Knights of Pythias, will officiate at the convention to be held at Payson Hall, Cushing Square, Belmont, at 8:30 p.m., Feb. 11.

Daily Believes Crisis Exists In Education

Dr. James W. Daily of 96 Churchill Ave., who is running for School Committee on a joint slate with John P. Morine and Mrs. Velma Brown, released the following formal statement of his candidacy this week:

"A graduate of Stanford University and the California Institute of Technology, I, James W. Daily, was trained as an engineer and have spent my adult life in engineering and college teaching. I am running for School Committee because a lot of people in Arlington have persuaded me my background should permit me to make effective contributions to the work of the Committee.

"As a professor at M.I.T. I have had first-hand experience with many of the basic educational problems of our time. I have participated in special studies in such areas as curriculum planning, student aptitudes, counseling, and student motivation. I have also been connected with an evaluation of high school preparation and with a study of extracurricular activities as a part of a general education.

"As a practicing engineer and as a consultant to industry I know the value of a dollar. Engineers are continually concerned with costs, with finding ways to getting a better product or process at reasonable expense. I would expect to be equally cost-conscious as a member of the School Committee.

"In addition to consulting in industry, I am also responsible for organizing and directing research programs in the M.I.T. Hydrodynamics Laboratory. As a consequence I am familiar with personnel policies as well as budgetary ones. I have also worked on problems in school plant, planning and design.

"These are some of my qualifications. The voters should also know something of my convictions, more... more... more... more...
"First, I believe without condition in the importance of strong schools. Our very survival may depend on the wisdom and wit we show now in the education of our youth. Our scientific competition with Russia is serious and one candidate's loose reference to an 'hyetrical race' is a public disgrace.

"Secondly, I believe the crisis in education we have been hearing and reading about is a real crisis. There is too little academic enthusiasm among our students, too much apathy and indifference. I do not think this is what our parents and citizens want.

"As a member of the School Committee I would work to create a climate in the Arlington Schools in which the pursuit of excellence in some line or other would be the goal of every student. Education is far too costly a burden in time and money for us to settle for anything less."

The Great Discovery of the Age

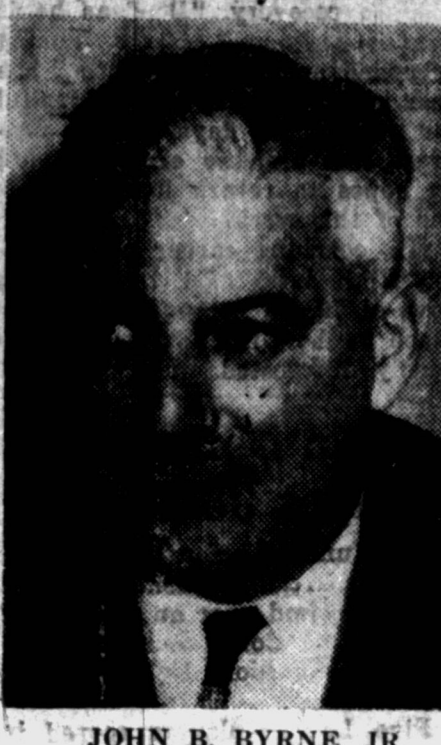

Today's growing interest in spiritual healing has naturally caused many to wonder what Christian Science is and how it heals.

Here's a fine opportunity to gain firsthand information about this religion which teaches that the spiritual laws of God can be understood and applied to human problems of every kind.

Paul Stark Seeley, C.S.B. of Portland, Oregon, Member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, Boston, Mass., "Christian Science Reveals Spiritual Forces in Action." 8 P.M., Friday, February 6, 1959, M.I.T., Kresge Auditorium, Mass. Avenue near Memorial Drive, Cambridge. Under the auspices of First Church of Christ, Scientist, Cambridge, Mass.

If this is your first Christian Science lecture, ask any usher at the door for a reserved seat. All are welcome.

Donovan Urges Endorsers To Support Byrne

JOHN B. BYRNE, JR.

In a letter to the Editor this week, John E. Donovan, in announcing his withdrawal from the Selectmen's contest stated that he sincerely hoped that those who supported him would support John B. Byrne, Jr., with the same enthusiasm.

Through the medium of your newspaper, I would like to thank nomination the many people who signed my nomination papers for the office of Selectman. Their expression of confidence in my candidacy will be forever remembered by me.

In a campaign for an office as important as Selectman, there should be no conflict between candidates with similar views and policies. If such a situation does occur, it is necessary to evaluate and determine the merits and the popularity of the candidates involved. This, I have done.

After much consideration, I have decided to withdraw as a candidate and to support the candidacy of John B. Byrne, Jr. He has, I feel, the sincerity of purpose, the character, the qualifications, and the experience to represent the people of Arlington on the Board of Selectmen in the manner with which I would have tried to represent them, had I remained a candidate. I shall work actively in his behalf, for Arlington needs this type of Public Official.

May I express my appreciation to you for allowing me to present my views and to thank those people who saw fit to endorse my candidacy. I sincerely hope that they will support John B. Byrne, Jr. with the same enthusiasm with which they supported me.

Sincerely,
John E. Donovan

League To Present Study Of Mystic River Basin

A study of the Mystic River Basin, from its origins in the swamps near Reading to its mouth in Boston Harbor, will be presented by the League of Women Voters of Arlington next week. The river basin will be the subject of five monthly unit meetings held in homes of League members.

According to Mrs. Joris Brinkerhoff, chairman of the Leagues Water Resources Committee, facts about the Mystic River Basin have been gathered with the same do-it-yourself technique that Leagues have used in getting to know their own towns, counties or states. Members of several Leagues located within this watershed have delved into many sources to find facts about the physical and economic characteristics of the basin, its population, water supply, flood control, irrigation, navigation, recreational uses, conflicts among

John O. Parker is a candidate for Selectman at the request of and with the enthusiastic support of a large group of citizens. A spokesman for this group states that it is felt Mr. Parker's wide experience in town affairs and his more than 20 years active practice of law well qualifies him to be Selectman. It is the further opinion of this group that Mr. Parker has demonstrated a sincerity of purpose and a fair-mindedness in the town positions in which he has served, qualities which they say highly recommend his candidacy.

Mr. Parker is 46 years old, and has been a resident of Arlington for more than 40 years. He is married to the former Elizabeth Macdonald of Arlington and has three children in Arlington public schools.

He is a graduate of Arlington High School, Bowdoin College, and Harvard Law School.

Mr. Parker served on the Planning Board for 7 years, including several years as Chairman. He was a member of the original committee on the Town Manager Form of Government, and served as Chairman of the Committee on Amendments to the Town Manager Act. He has been a Town Meeting Member for 10 years, and served as counsel to the Arlington

Housing Authority for 4 years. He has been active in Boy Scout activities and the P.T.A., and is moderator of the Pleasant Street Congregational Church. He is an incorporator of Symmes Hospital.

During World War II, Mr. Parker served as a navy lieutenant in the Southwest Pacific area of operations.

He is a partner in the law firm of Ely, Bartlett, Brown & Provotor.

The group supporting John O. Parker feels that the voters of Arlington have an opportunity to elect an extremely well qualified candidate to the office of Selectman.

BIRTH

To Mr. and Mrs. Perley Arthur of Southboro, formerly of Arlington, a daughter, Cindy Jean, at Symmes hospital, Jan. 25. Mrs. Arthur is the former Edythe Foye.

Grandparents are Doctor and Mrs. L. Curtis Foye of School St., and Mr. and Mrs. Laurence Arthur of Renfrew street, Arlington.

Russell Wedge Asks Investigation

In a signed release to this paper, Russell D. Wedge invited the thoughtful voters of Arlington to investigate, most thoroughly, his qualifications which would fit him for the office of Town Clerk. In seeking the support of the citizens of Arlington, Mr. Wedge feels that he, in return, must guarantee, that when elected as Town Clerk, that office while in his hands will continue to reflect honor and integrity, which the Town has grown accustomed to expect of it.

Such an investigation, in the opinion of Mr. Wedge, should include his loyalty in Arlington, his long and honorable service record, his many years of youth work and civic activities, his business responsibilities and his family life. Mr. Wedge felt, that in such a study, would his late mother and father and their exemplary lives, come under scrutiny. Particularly would his father "Greg", for years a Boston Globe newspaperman, and friendly helpful man about Arlington, be remembered and easy to obtain witnesses on. Mr. Wedge is confident that a conclusion will be reached of "Like Father, like Son."

As an executive claims investigator of many years experience, Mr. Wedge assures us that he knows the thoroughness of an investigation and what one often recovers. He leaves his worthiness to the office of Town Clerk to the investigation of the Arlington voters.

GOLDEN, BICKNELL SPARK LOCAL TRACK TEAM TO VICTORY VS NATICK

Arlington's track team edged Natick in a Division II Met Track and Field contest Saturday.

The victory moved the locals into undisputed possession of second place behind undefeated Belmont and Watertown with a 2-2 record.

Each team picked up four firsts and the high jump ended in a tie as the two clubs battled for the third spot in the Division.

Paul Bicknell walked off with another 300 win in 36.5 seconds while Walt Porter of Natick finished second and Dick Wright of Natick third.

Hal Jones of Natick won the 600 in 1:24.2 with Ball Beauvilles of

Arlington finishing third and Pete Seery of Arlington third.

Stan Hutchinson of Arlington won the mile in 4:53.8 with teammate Fred Strahan finishing second and Jim Santamaria of Natick gaining the third spot.

John Radochia of Arlington and Dave Johnston of Natick each cleared the high jump bar at 5 feet 4 inches to tie for first; Don Winner of Natick finished third.

John Frazer of Natick took the 1000 in 2:39.9 with Arnold Rappucci of Arlington finishing in the second position and Ted Barnicle of Natick the third spot.

Natick swept the shot put competition with Lynn Bartley coming

through with a toss of 43 feet 4 inches. Natick's Paul Kolemian finished second and team-mate Frank Walker third.

Paul Callahan of Natick won the hurdles in 6.9 seconds with Dave Gustafson of Arlington finishing second and Gerry Faiola of Arlington third.

Bob Golden sparked the Arlington win as he copped the dash in six seconds flat and then along with Craig Chapin, Harry Ameral, and Paul Bicknell won the relay in 2:08.2.

Trailing Golden in the dash were Don Winner of Natick and Craig Chapin of Arlington.

"Doc" McCarthy Recovers

Good news to the many thousands of friends of William T. "Doc" McCarthy is that he is well on the road to recovery. "Doc" as he is affectionately called by almost everyone who knows him, has been a patient at Symmes Hospital for the last ten days, but his progress has been so excellent that he hopes to return home by the end of this week.

His coaching career at Arlington High dates back to 1912 and now, at 79, he is the oldest active coach in the United States. Always keenly interested in sports and

young athletes, "Doc" still speaks with gratitude of his trip to Australia in the Fall of 1956 to attend the Olympic Games. This trip, sponsored by the Touchdown Club, was made possible thru the donations of Arlington townspeople, many of whom had been coached by him during their high school days.

"Doc" expects to be at home convalescing another two weeks, at least, and tells us that his duties at school are being handled capably by James "Red" Kelly, former track star.

In a Park Department league contest January 29.

Legion Bombs Marines 88-36

The Junior Legion entry in the Park Department basketball loop ran roughshod over an injury-riddled Marine Corps team, January 27, at the Junior High West 88-36.

Five Legion players scored in double figures as the winners piled up a 44-13 first half lead and

ended the game with a 29-point lead. Fowler with 29 points paced the Legion, while teammates Scarlata, Zuccala, Goodwin, and McMahon chipped in with 13, 13, and 11 points respectively.

Paulumbo tallied 18 points for the losers.

Three key players, were out with injuries for the Marine Corps team.

Menotomy Digest

Somewhat less than three years ago, some of Arlington's residents were slightly more than unhappy over the performance of Town Moderator Lawrence Corcoran.

Some residents felt at that time that he would be fortunate to be elected to another term three years hence (1959). At the same time, it was almost definite that if he did run again, his opposition would be of the stiffest type.

Well, here it is election time 1959, and here is Larry seeking to return to the Town Moderator post, without so much as a token of opposition.

Larry has improved as a moderator in the last two years, and although he cannot be classified as the best of the Town's long list of Moderators, he certainly is not way down on the bottom of the list either.

Yes, he has allowed Town Meeting sessions to get out of hand at times, and yes he has been slow in making appointments which have been his duty to make, however, let this much be said, that the position of the Moderator becomes the more responsible and

his task more difficult as the amount of monies involved increases and the decisions which the Town Meeting members are called on to make become the more difficult.

Apparently, many residents of the Town feel the same way, since not one organized effort was made to unseat the incumbent from his post.

Thus, we nominate Mr. Corcoran as the person who has the right to be the "Happiest Man in Town" this week. He started off in his new post rather poorly, but has improved. And apparently no one else in Town feels that he or she is better qualified, or does not choose to take the time and effort to do so.

So until the time comes when someone has the ambition to come forward and say I can do a better job and obtain enough support to do so, it seems that the complaints which were echoed from time to time about the Moderator should be confined to non-mountainous areas where such echoes are not so prevalent.

Within Town Limits

By Walt Moynihan
The price that Arlington residents would have to pay to erect a fence in the rear of the Town Yard as requested in a Town Warrant article would seem very small indeed compared with what the damages might be should someone get into the area and start a serious fire.

Only the alertness of the watchman on duty Sunday prevented this very thing from happening when a small fire was brought under control quickly with damages held to slightly over the \$1,000 mark.

The Arlington Board of Selectmen has asked legislative priority for the sales tax. The idea might be good but it seems that such action should have been taken prior to the time the legislature convened. The Board also felt that more aid should be given cities and towns via the withholding tax.

The Finance Committee has been working on the budget article and still expects to hold many long hours of discussion before recommendations are made ready for release probably about the week of the 23rd.

Every one is making predictions as to the outcome of the March election and generally certain names are repeated time and time again as the most likely winners. Prior to election this column will make definite predictions on the outcome, buoyed up some by the fact that our predictions on withdrawals a week ago were fairly accurate.

The Town Moderator is running unopposed.

The Town Clerk contest at this point seems destined to narrow

down to a two or three candidate battle between Selectman Franklin W. Hurd, Assistant Clerk Ann Mahon, and Russell Wedge.

If the election was scheduled for today, Hurd would win. However, the chances of Miss Mahon joining 118 women throughout the Commonwealth as Town Clerks including those in the neighboring communities of Winchester and Woburn also seems very good.

The Selectman contest would seem to narrow down to a two-man contest between John Byrne and John O. Parker. Byrne's chances have brightened some by the withdrawal in his favor of John E. Donovan.

Walter Coledge Jr., looks like a certainty to be returned to a three year term on the Board of Assessors, although it is understood that Robert B. Walsh, is running a vigorous campaign and may surprise many.

For Housing Authority, candidate for re-election, James Coffey, looks like the victor over Aloysius Welsmann at this point.

The School Committee contest would seem to be the most difficult to predict.

As is stated elsewhere in this issue, this publication feels that each and every candidate in a non-partisan election should run alone. Just how much influence on the outcome of the voting the present three way team will have is hard to predict. However, if a prediction is to be made at this point, this writer would think that candidate for re-election John Morine, and candidates James W. Daily and Dorothy Kelleher Meehan would seem to be the stronger of the eight seeking the three openings on the board.

Chisolm Scores 3 Times As Arlington Wins 4-2

High scoring Charlie Chisolm scored a goal a period as Arlington high school's hockey team rolled to its tenth victory in eleven G.B.I. contests at the Boston Arena Friday, beating Belmont 4-2.

The victory for the local club enabled it to keep three points ahead of second place Melrose. The "Red Raiders" won their 8th game against two losses and a tie, barely squeezing past Rindge Tech 1-0.

Aiken tallied Arlington's other goal while Morrell and Wilson scored for the losers.

The victory atoned for Arlington's only defeat of the campaign which at the time it was inflicted moved Belmont into first place alone. The Arlington win Friday knocked Belmont into fourth place and out of contention for first place.

Arlington 58 Newton 53

Arlington high school's basketball team kept its title hopes alive January 28 by pulling away in the final period and edging Newton 58-53 in a Suburban League contest at Newton.

The teams shared 22 points in the opening ante, but Arlington pulled out to a 28-22 halftime edge. However, the home team came back strong in the third period to move within one point of a tie 37-36. Arlington broke the game open by outscoring the home team 21-17 in the last period.

Scully scored 21 points and Freeman for Arlington, while York tallied 15, Nello 13, and Monforte 12 for the losers.

In the only standing change of the weekend Cambridge Latin moved into third place beating Stoneham 1-0.

Latin, because of its fine defensive play, best in the League, could tie for first place if it won all its remaining contests while Arlington lost all three and Melrose lost one and tied one.

Meanwhile, for the second consecutive week, Rindge Tech made one of the top clubs in the league go all out to pick up a victory.

A week ago, Cambridge Latin scored two goals in the final period to edge the last place team 2-0 and Friday, Melrose scored a goal in the second period to pick up a 1-0 edge over Rindge. The defeat was the eleventh in succession for Rindge without a win.

In the other Friday game, Newton poured seven goals by Medford to break a seventh place tie with the Mustangs.

FOOTSAVING EDUCATION

Herb Mason
President
Mason's Shoes
Arlington
Center

What are children's feet coming to with the growing use of loafers, pumps, and other footwear lacking in support?

A concise answer to this question recently came from an Orthopedic Surgeon. When asked by a mother whether her daughter might wear patent leather dress shoes (even though she had been wearing orthopedic shoes for years), the doctor stated that he saw no reason why this particular youngster might not as long as discretion were used. By this he stressed the use of common sense, where dress shoes are not necessary too many hours of the week, the child would still spend her active time in good support shoes. Of course in orthopedic work there are certainly many other youngsters whom the surgeon would not have been so broad minded about.

Bear in mind that proper use of loafers, pumps, etc. should be along these same lines. The more solid shoe should be used when active daily, and the lighter shoe, if necessary or desired, should be worn about as much as Mom can wear high heels during a work day, or low loafers on the job.

325 BROADWAY
ARLINGTON 74, MASS.

Dan Hooley Seeks T. Clerk's Office

At the insistence of many citizens throughout Arlington, Daniel M. Hooley of Arlington Finance Committee formally announces his candidacy for Town Clerk in the March election.

Dan Hooley's family has been prominently identified with Arlington's civic interests for more than seventy-five years. He is the son of the late Police Lieutenant and Mrs. Daniel M. Hooley.

Hooley, a life long resident of Arlington was educated in the Arlington Public Schools, Arlington High School; Suffolk Law School, American Institute of Banking and Harvard University where his major field of concentration was in Government, History and Economics. He attained high honors in Municipal Government and received the Degree of Adjunct in Arts from Harvard University in June of 1950.

He served for three years with the 211th Coast Artillery Anti-Aircraft M.N.G. (The First Corps Cadets). He was a member of the original Board of Directors, Arlington Community Chest, Inc., and chairman of its Personnel Recruitment Committee. He also served

as a District Chairman, and was a district chairman of the Arlington Welfare Council and the Arlington Red Cross Committee. Mrs. Hooley was active for several years as a Troop Leader in the Arlington Girl Scouts. Their two oldest daughters have collected for the March of Dimes, the Heart Fund, the Cancer Fund and the United Fund.

He was chairman of the Town Meeting Members of Precinct 3 for 14 years and was elected four times to the Board of Park Commissioners serving as its chairman for two years; was also a member ex-officio of the Parks and Playgrounds Improvement Committee. During his incumbency on the Board of Park Commissioners many important and beneficial improvements were initiated, such as the purchase, at a very reasonable price even for that time (1938-1940), of several large parcels of land for future development as recreational areas. Those parcels of land were the Robbins Farm opposite the Brackett School, the Florence Avenue Playground, the Purcell property now known as the North Union Street Playground, the Thorndike Street Playground and the Waldo Road Playground, all of which have been developed through the years and extensively used. In 1938 the Board of Park Commissioners requested and obtained from the Town Meeting funds for the purpose of constructing a bath house at the Reservoir Beach together with a chain link fence enclosure.

Hooley resigned as Town Meeting member and Park Commissioner in December 1942 when he became Property Auditor and later Property and Supply Officer and Control Officer at the Boston Ordnance District's facility, Ford Motor Co., Somerville. At that installation he was responsible for the receipt, custody and shipment of U. S. Government property amounting to approximately \$190,000,000. He received commendation of the property auditors of the First Service Command, Army of the United States, for the accuracy and completeness of the government property records. After the war he served for a year with the Reconstruction Finance Corporation where his assignment covered the termination of secret U. S. Government contracts involving the Manhattan Project. Later he became a Claims Adjudicator in the office of the War Assets Administration, where he examined and adjudicated claims resulting from the sale and disposition of surplus U.S. Government property.

He has been employed for the past 12 years in the Depositors Service Division of one of Boston and New England's largest Bank and Trust Companies. Since 1954 he has been a Notary Public for the Commonwealth of Massachusetts.

He was appointed by the Moderator to the Committee on Town Manager Form of Government for Arlington as voted by the Town Meeting of October 4, 1950. That Committee drafted the legislation for submission to the Massachusetts General Court for the establishment of the Town Manager Form of Government in Arlington.

He has been a member from Precinct 3 of the Arlington Finance Committee since 1957.

His home is at 268 Broadway and his family includes his wife, the former Margaret T. Shea and three young daughters, Peggy, Eileen and Maureen.

New Machine At Dye Works Does Three Jobs At Once

For years Paul Berberian, co-owner of the Arlington Dye Works plant using "Permac" to do all the dry cleaning of the Royal Family. One Permac does, automatically, jobs that formerly called for three machines. It cleans, rinses and dries in one operation.

Arrangements were made to import one of these machines and make tests of it in Arlington. The tests proved successful and now Arlington Dye Works has moved out all its old equipment and is ready to begin operation with the Permac, thus continuing its thirty year policy of serving its customers in the best possible manner by using the most up-to-date equipment.

And now, at last the search is over and Arlington Dye Works is ready to serve the residents of Arlington with the most modern equipment in the dry cleaning field. But, it has always been thus with the Dye Works. In every business, and this includes dry cleaning, there are two separate and distinct classes. Those that cater for the masses by production methods, and those that pay attention to perfecting the treatment of each individual article. The Arlington Dye Works belongs to the latter.

In recent years reports of a machine in Germany which does the work Mr. Berberian desired to have done poured in from all points in the world.

A friend of Mr. Berberian's, an authority in the dry cleaning field, went to Europe to investigate. After inspection, he sent back word that this was what Berberian had been waiting for all these years.

The operation, according to reports, had proved so successful that the Queen of England, "By

Communion Event At St. Camillus

The Holy Names Society of St. Camillus Parish, Arlington, will hold its monthly communion breakfast February 4 after the 8 a.m. Mass in the Dallin School Auditorium. The speaker will be Father John R. Crispo, Chaplain at the Walter Fernald School in Waltham.

The Society is planning a large turnout for this meeting as it will be the last meeting for the moderator, Father Kelley who is leaving in a few days for Peru where he will take up missionary duties as a member of the new society organized by His Eminence Cardinal Cushing.

PLANNING BOARD
LEGAL NOTICE
In accordance with the provisions of the Zoning By-Law a public hearing will be held in the Hearing Room, Robbins Memorial Town Hall, Arlington, Mass., at 7:30 P.M. on Friday, February 20, 1959, to consider the following change in the said Zoning By-Law: **REZONING RUSSELL COMMON**

To see if the Town will amend its Zoning By-Laws by altering the zoning map therein referred to so as to include in the Business A District the parcel of land owned by the Town of Arlington on Mystic Street and Chestnut Street, commonly known as the Russell Common, bounded and described as follows:

Beginning at a stone bound at the point of intersection of the southeasterly side line of Mystic Street and the southeasterly side line of Chestnut Street, thence southeasterly on said southeasterly side line of Chestnut Street, a distance of 245.76 ft. to a point at land of the Roman Catholic Archbishop of Boston, thence southeasterly by land of the Roman Catholic Archbishop of Boston a distance of 370 ft. more or less to land now or formerly of Goode, thence northwesterly by said land now or formerly of Goode, known as Park Terrace, a distance of 198.76 ft. to a point on the southeasterly side line of Mystic Street, thence northeasterly on said southeasterly side line of Mystic Street, a distance of 285.35 ft. to the point of beginning and containing approximately 67,075 sq. ft.

John B. Byrne, Jr.
Chairman

DeVito Seeks Clerk Position

Society and the PTA of the Immaculate Conception Church.

Believing that it is mandatory for this generation to have active participation in government and believing that the people of Arlington want good government, Alfred M. DeVito, has submitted his nomination papers for election to the office of Town Clerk. DeVito's educational background includes graduation from St. John's High School, the A.B. degree from Boston College in 1948, attendance at the Graduate School of the University of Massachusetts and the American University in Biarritz, France. Mr. DeVito's record includes service with the 80th Infantry Division in France, Luxembourg, Germany and the Battle of Bastogne in World War II.

A registered funeral director associated with Alexander DeVito and Sons, he lives at 40 Teel street with his wife, Eileen O'Rourke DeVito, and their four children. DeVito enjoys active membership in the Boston College Club, The American Legion, Sons of Italy, Knights of Columbus, Holy Name

Will Observe Boy Scout Week

The annual Scout Week activities will be in full swing this week in Arlington and Pack 313 will take part. A display of the handicraft of the Cub Scouts will be set up in the window of Harry's barber shop, Massachusetts avenue opposite St. James Church. Appropriately, Scout Week activities will be opened by a church service. At 8 a.m. February 7 holy mass will be celebrated for all Cub Scouts and their parents at St. James Church.

Immediately after mass there will be a communion breakfast at St. James school hall to which all Cub Scouts and their parents are invited. Entertainment will follow the breakfast. On Scout Sunday, Feb. 15, the Catholic Cub Scouts of the new, big Minute Man Council, Boy Scouts of America, will gather at St. Brigid's Church, Lexington, at 2 p.m., for their special religious observance of the day.

Alfred M. DeVito says:

"I feel certain that I can bring to the office of Town Clerk the administrative order which it requires. The broadness of DeVito's experience both in education and in business will assure both efficiency and impartiality in conducting the affairs of the office and the necessity to dispatch them for the welfare of all the citizens of the Town of Arlington."

The annual Ham and Bean Supper sponsored by the Laymen's League will be held February 21. Entertainment will be furnished by the Belmont Barbershoppers.
CHRISTIAN SCIENCE CHURCH
The healing power of spiritual enlightenment will be emphasized at Christian Science services Sunday.
Paul's healing of the cripple at Lystra, as related in the Book of Acts (Ch. 14), will be included in the Scriptural selections in the Lesson-Sermon entitled "Spirit".
A correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy declares (324:19): "Paul was not at first a disciple of Jesus but a persecutor of Jesus' followers. When the truth first appeared to him in Science, Paul was made blind, and his blindness was felt; but spiritual light soon enabled him to follow the example and teachings of Jesus, healing the sick and preaching Christianity throughout Asia Minor, Greece, and even in imperial Rome."
The Golden Text is from I John (4:6:13): "We are of God: Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit."

ST. JOHN'S CHURCH
(Episcopal)
Rev. Halsey I. Andrews, Rector
SUNDAY, FEBRUARY 8
8 a.m.—Holy Communion
9:15 a.m.—Family Worship and Church School
11 a.m.—Nursery School

A Scout Is Friendly

The fourth-point of the Boy Scout Law reads, "A Scout is friendly." He is a friend to all and a brother to every other Scout.

Now, as the Boy Scouts of America celebrate their 49th anniversary during Boy Scout Week, February 7 to 13, let us see how this friendliness is fostered.

Friendships form readily in the Cub Scout pack, Boy Scout troop, and Explorer unit as their programs promote democratic ways of living together.

The weekly neighborhood den meetings of the Cub Scouts who are eight, nine and ten years old are full of fun as they take on themes of American history, geography, natural science, and safety. At monthly pack meetings where they put on interesting demonstrations and program features, the Cub Scouts meet and know the parents of members of the other neighborhood dens.

The Boy Scouts, over eleven, make friends as they form patrols in the troop, elect their own boy leaders, and plan their programs. These friendships are strengthened as they camp and hike together.

The new Exploring program for high-school age young men provides a series of social experiences that help Explorers increase their skill in working and living with others. World Scouting today in 67 nations finds 7,589,183 enrolled.

America's Scouts make friends with those of other lands at the world Scout jamborees usually held every four years. Several hundred American lads will camp together with about 12,000 others from all parts of the world at the Tenth World Jamboree in the Philippines next July 17 to 26.

Through the World Friendship Fund of voluntary contributions since 1944, Boy Scouts of America have helped less fortunate brother Scouts of other lands.

We congratulate the Boy Scouts on their 49th milestone

THE DEMOCRATIC WAY

During recent years, there has been a tendency in Arlington for candidates to band together and run as a pair or a group in supposedly non-partisan elections.

Just who organizes these groups or is responsible for the selection of the candidates therein remains more or less of a mystery. Certainly no formal organization as such steps forward to substantiate the claims of a minority of citizens.

This year is no exception. Originally a pair of candidates for two major offices were advanced, now a trio is running as a "slate" for the school committee.

The Arlington NEWS is not opposed to the candidacy of any individual involved. They may be the trio most qualified for the post. And again they may not be.

The Arlington NEWS urges its readers and all citizens if Arlington to vote for candidates for town office on their individual merits. Each individual has a responsibility to his community, but there is no way of pinpointing the group or their backers.

In a non-partisan, democratic election, each individual campaigns on his merits. Let's keep it that way. When you vote, look at the qualifications and appeal of each individual for each office. Then there'll be no individuals riding in on the coattails of one strong candidate.

SATERIALE NAMED

The Division of University Extension, Massachusetts Department of Education, announces the appointment of Joseph G. Sateriale,

35 Lockeland Avenue, Arlington as instructor in the course Intermediate Algebra to be offered by the Division this winter. The date of the initial class meeting is Tuesday, February 17.

Babson Discusses

BUYING STOCKS

(Exclusive NEWS Feature)

Babson Park, Mass. — Although, in my personal opinion, the chances are now against one who buys common stocks for profit, these chances favor one who now buys the right stock for income.

The reason is: — The price of common stocks depends mainly upon the moods of people. They buy according to how they feel, not according to facts. When the majority are optimistic, or tired of waiting for stocks to go down, they buy. The more impatient the buyers are, the more common stocks go up. The more impatient the people desiring to sell become, the more common stocks go down.

The price of good-quality Cumulative Preferred Stocks, however, depends upon the money market. When money is cheap, such preferred stocks sell high. When money gets tight and interest rates high, these Cumulative Preferreds go down in price. This means that most of these Preferreds can now be bought at a discount of from 10 per cent to 15 per cent or more below par.

WHAT KIND OF PREFERRED TO BUY

The safest preferred stocks to buy are those in growing industries. This does not mean the speculative industries such as the electronic group. The time will come when stocks of electronic companies, like motels, can be bought for "a dime a dozen." Just because a stock is "preferred", that does not qualify it as a safe stock to buy for income.

The fastest growing, probably the safest industry today is the generation and distribution of electricity—that is, the electric utilities. Demand for electricity is constantly growing, due to the frantic advertising of electric household aids from toasters to television sets. In addition, both electric heating and air conditioning are in their infancy. Great growth for these lies ahead. In short, the electrical industry need not advertise, but can let Sears, Roebuck and department stores of all cities pay for the advertising to increase sales of electricity. The K.W.H. of the nation are published each week. Study these if you doubt my forecast.

FREE FROM SEVERE LABOR TROUBLES

Most industries are subject to severe labor troubles; in fact, the chances are that the next depression will be brought about by union labor leaders. We have seen what can happen to the big newspapers and department stores by the strike in New York City of a few men who distribute the newspapers. The strike of the airplane pilots tied up Christmas travel. This condition is becoming more serious every year due to our cowardly Congress.

It, of course, is possible that the workers in the power house of a company generating electricity could strike on a cold winter day and shut off the light and heat from millions of homes. I, however, believe this would happen only once, if at all. There are three reasons: (1) Because so few men are needed to run these generators that the companies can pay high wages; (2) because any increase in wages can be passed onto consumers; and (3) because such a strike would shut down all industries of the city and cause mass unemployment.

BUYING PREFERRED FOR PROFIT

Good Cumulative Preferreds bought now may later show a profit in addition to their near-5 per cent income yield. Money rates will not always remain high. They go up and down in cycles, as do common stocks and commodities. When money is again cheap, these Cumulative Preferreds should again sell higher. That may be the time to sell them, and invest in good common stocks when they are low.

There is also another reason why these Cumulative Preferreds, now selling in the 80's, will again sell at par or over. Very few new issues will be put out at present low prices. Those already issued will gradually be absorbed. As they are absorbed, and perhaps called, prices will recover. This will be encouraged by both the corporations and the investment bankers who are now loaning these corporations money, awaiting a time for issuing more stock. Hence, I repeat that the chances now favor Cumulative Preferred Stocks of electric power companies selling higher in 1959, as well as paying a safe income of near 5 per cent. Readers need not fear the movement toward municipal ownership. This may be bearish on common stocks but not on cumulative preferreds.

IT'S GONNA HAPPEN

FEBRUARY 5

8:00 p.m.—School Committee Candidates' Night

12:15 p.m.—Kiwanis Club meets at Old Mill.

Within Town Limits

BY JAMES G. COLBERT
Former Boston Post Political Editor

Governor Furcolo appears to have a slick, unfailing do-it-yourself kit for making political problems for himself.

A month ago at this time, when he was inaugurated to begin his second term, his prestige was at its highest point, and Beacon Hill observers were convinced that he would be able to get the strongly Democratic Legislature to do just about what he wanted it to do, including possibly to pass a sales tax.

Just when it seemed he was moving smoothly along, with greater support in the Legislature than any Democratic Governor before him ever had, Furcolo suddenly ran into trouble in the Senate with his withholding bill.

Exactly where and when the Furcolo steamroller began to rug out of steam wasn't quite clear to State House onlookers who themselves were thrown into a state of bewilderment just trying to keep abreast of the conflicting statements on the withholding measure.

Possibly, Governor Furcolo's woes stemmed from a combination of factors, some not of his own making.

Perhaps, the Governor went a little too far in reaching out for all or nearly all the withholding windfall and not leaving any for the cities and towns to ease the strain of their mounting tax rates.

Maybe the trouble really started in the House of Representatives, notwithstanding the breath-taking speed with which the withholding measure was pushed through their chamber.

Some of the first-term Democratic House members obviously resented the manner in which the political bull whip was snapped to get them or keep them in line behind the bill.

Influenced By Reaction

Republican House Leader Frank S. Giles waged an extremely effective fight against the proposal.

While Giles didn't succeed in stopping or even slowing down the progress of the withholding measure in the House, he did make an impact upon the public by digging out Governor Furcolo's own figures of last year on the amounts the cities and towns were to get from the withholding windfall.

Some of the Democratic Senators apparently were influenced by the public reaction to Giles' battle against the withholding bill.

Then, too, the statements and estimates as to the amounts the withholding windfall would produce were so confusing as to set both Democratic and Republican heads spinning.

Originally, it was indicated that Governor Furcolo hoped and expected to get \$35 million from the windfall, resulting from the overlapping of income tax payments, to balance the State budget.

That figure was revised upwards with the statement that the Governor needed and wanted \$40 million to straighten out the State's finances for the fiscal year ending June 30.

When Governor Furcolo submitted his withholding bill to the Legislature, it developed that he was seeking the entire windfall for the Commonwealth.

That produced an outcry of protests, and after a conference with Boston's Mayor Hynes, Governor Furcolo announced that he would keep the first \$50 million of the windfall for the State and would distribute the rest to the cities and towns.

A day later, Furcolo issued a different statement, asserting that he would keep \$60 million and give the rest to the local communities.

State of Confusion

By this time the Democratic legislators were in pretty much a state of confusion since the Governor's bill did not call for the State to distribute any part of the windfall, and the Governor's office had insisted that the measure could not be amended.

In fact, Democratic House members who showed a disposition to vote with the Republicans to revise the wording of the bill were called on the carpet and summarily instructed to vote for the bill as it stood.

State House reporters, puzzled by the day-to-day changes in the withholding controversy communities, trooped down to a press conference in Governor Furcolo's office and sought to have the situation clarified.

The Governor told the newsmen that he understood the situation perfectly but that he might have some difficulty explaining it. So he sent for some experts from the State tax department.

On their arrival the tax officials declared that all the withholding windfall would produce was \$40 million.

How that reconciled with the Governor's assertions, first that the cities and towns could have all over \$50 million, and secondly that they could have all over \$60 million, was something of a mystery, except that it was fairly clear that the local communities were not likely to receive anything.

Meanwhile, State Senate President John E. Powers, who was an advocate of a withholding tax long before Governor Furcolo espoused the idea, was stalling action on the matter in the Senate in order to give Furcolo time to line up the 21 votes he needed for passage of the measure.

Aimed at Evaders

Powers, it may be recalled, spearheaded a battle back in 1957 for a State income withholding tax. He was aiming at tax evaders, was not seeking any windfall, but the bill at that time was not supported by the Governor, and it failed of passage by a narrow margin.

That summarizes some of the events which created all the confusion over the withholding measure but it isn't so easy to pinpoint exactly where and when Governor Furcolo began to slip into some of the same kind of legislative trouble which all but engulfed him in 1957.

One thing which is clear, however, is that if the Governor has this much difficulty trying to push through his withholding bill he is going to be faced with much bigger problem when the time arrives for him to try to put across his sales tax proposal.

The withholding fight loomed as an easy one for the Governor when it started. Everyone agreed that the sales tax battle would be much more difficult and much harder to win.

That leads to the inescapable conclusion that the prospects for the eventual passage of a sales tax have been lessened by the developments within the past two weeks.

One factor which is operating in Governor Furcolo's favor, however, irrespective of all the side clashes, is that the Legislature either must provide additional revenue from some source or must slash the State budget.

Despite the unenthusiasm, and even the outright opposition to withholding tax and a sales tax, the alternate proposals advanced by the ADA appear even more objectionable.

Kennedy Out Front

Democratic members of Congress who regard Senator Stuart Symington of Missouri as their party's strongest candidate for President in 1960 either haven't been reading the popular polls or don't believe what they show.

Practically every check that has been made to determine sentiment among the rank and file of the voters revealed Senator John F. Kennedy of Massachusetts running far ahead of Symington.

That is why political experts are looking somewhat askance at the results of a poll of 133 Democratic Senators and Congressmen conducted by Congressional Quarterly to determine who they thought would be their party's most potent presidential and vice presidential contenders next year.

The Democratic law-makers, surprisingly, gave Symington a 2-lead over Kennedy in the presidential voting, with Adlai Stevenson way down in fifth position.

Kennedy was an overwhelming choice for the vice presidential nomination.

Since there are far more than 133 Democratic Senators and Congressmen the results of the poll may be somewhat misleading.

It is a little difficult, however, for most political experts to follow the reasoning of any Democratic Senator or Congressman who views the situation objectively and comes up with the conclusion that Symington would be a stronger candidate than Kennedy deny than Kennedy in 1960.

Weakness In Armor

Maybe Symington has a better chance than Kennedy of getting the Democratic Presidential nomination. That doesn't mean he would have a better chance of winning election.

Symington probably would be a stronger candidate than Kennedy in some of the border States and in sections of the south.

However, no political observer is likely to be convinced that Symington would be anywhere nearly as strong as Kennedy in such pivotal states as New York, New Jersey, Connecticut, Massachusetts, Pennsylvania, Ohio, Illinois, Michigan and California — states on which the outcome of a presidential election usually hinge.

It is pretty safe to predict that any Senator or Congressman from one of those States who was involved in a hard fight would much prefer to have Kennedy rather than Symington go into his area and campaign for him.

A weakness in Symington's political armor, on which Republicans would be virtually certain to concentrate if he were chosen as the Democratic Presidential nominee next year, is that he was Secretary of the Air Force from 1947 to 1950 when the United States first began to fall behind in the development of missiles.

Symington has been loud in his charges that Russia is ahead of us and is pulling still further ahead in the missile field. There is some reason to believe that maybe Russia began its spurt while Symington was the head of the Air Force.

To The Editor

Letter to the Editor:

While having my nomination papers signed I have run into a very unhealthy fallacy that is being fostered in connection with the coming town election — namely, candidates who have children in the public schools have a vested interest in seats at the school committee table. Nothing could be further from the truth.

A parent has the right to determine what system of education is best for his child at any point in his training. Hence a child may receive a combination of public school, church school or private school education. The parent as a taxpayer has a right to have his child transferred to the public school at the level at which the child can successfully compete. Therefore every parent has an immediate interest in the level and character of education in the public schools.

The last straw to the early American colonists was taxation without representation. Every taxpayer of this town has a right to be represented at the school committee, and he should not allow himself to be duped out of that right in this manner.

Donald P. Poole, Jr., aviation electronics technician airman, USN, son of Mr. and Mrs. Donald P. Poole, Sr., of 15 Jason ter. Arlington, graduated as honorman from the Basic Aviation Electronics Technician School Dec. 18 at the Naval Air Technical Training Center, Memphis, Tenn.

He maintained an average of 83.85 to place first in the 4-man class.

Poole has been transferred to Air Anti-Submarine Squadron 32 at Quonset Point, R. I.

Before entering the Navy in January 1958, he graduated from Everett High School.

Speed Skating Championships To Be Held Here

Indoor Speed Skating Championships, sponsored by the Arlington Lions Club, under the auspices of the Arlington Park Department in conjunction with the M.D.C. will be held at the MDC Skating Rink, February 21 and 22 from 5-7 p.m.

Entry blanks for youngsters under 14 years of age are available at the local schools.

Plans have been made for novice and registered skaters to compete in two different classes.

Age groups competing will include: Pee-Wee, under eight years; Special Midget, 8-9 years; Midget class, 10-11 years; and Juvenile class, 12-13 years.

Trophies will be awarded to winners in all classes and medals to those who finish first, second and third in all classes.

Discuss Lights On Common

The Board of Selectmen took no action Monday after discussion of comparative costs of various methods of lighting in the Russell Common Parking area.

A decision will be reached after more information is available.

Through before the Board for consideration were three possibilities:

Floodlighting—
\$10,000 for installation
\$3,000 annually
Street light with underground conduits—
\$4,000 to install
\$2200 annually
Street lights overhead wiring—
No cost to install
\$41830 annually

Pauline Locke Prize Winner

Brigham's, Inc. of Cambridge announces that Pauline Locke, manager of the Brigham's-Dorothy Muriel's store in Arlington Heights is a winner in the Company December Sales Contest. Her prize will be a \$100 United States Savings Bond.

Miss Locke, who joined Brigham's five years ago, makes her home in Melrose.

Town Of Arlington Legal Notice

In accordance with the provisions of the Zoning By-Law, a Public Hearing will be held in the Hearing Room of the Robbins Memorial Town Hall, Arlington, Massachusetts, at 8:00 P.M. on Friday, February 20, 1959 to consider the following changes in said Zoning By-Law:

To see if the Town will amend the Zoning By-Law, including the Zoning Map and the Schedule, by striking out the present law and may and schedule, and inserting in place thereof the following, including the map dated March, 1959:

ZONING BY-LAW FOR THE TOWN OF ARLINGTON MASSACHUSETTS PURPOSE

The purpose of this by-law is to promote health, safety, convenience, morals and welfare of the inhabitants of the Town of Arlington; to lessen congestion in the streets; to conserve health; to secure safety from fire, panic and other dangers; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; to conserve the value of land and buildings; to encourage the most appropriate use of land throughout the town; and to preserve and increase the amenities of the municipality.

DISTRICTS

Section 1. Establishment of Districts

For the purposes of this by-law, the Town of Arlington is hereby divided into districts of six classes, to be known as:

1. Residence A Districts
2. Residence B Districts
3. Residence C Districts
4. Business A Districts
5. Business B Districts
6. Industrial Districts

Said districts are as shown, defined and bounded on the Map accompanying this by-law, entitled "Zoning Map of the Town of Arlington, Massachusetts, prepared Under the Direction of the Planning Board", dated March 1959, signed by the said Board, or as thereafter amended, and on file with the Town Clerk. Said Map and all explanatory matter thereon are hereby made a part of this by-law.

Section 1-A. District Boundaries

The location of the boundary lines of the districts shown upon the Zoning Map shall be determined as follows:

1. Where the boundary lines are shown upon said map within the street lines of public or private ways, the center lines of such ways shall be the boundary lines.
2. Where the boundary lines are shown approximately on the location of property or lot lines, and the exact location of property, lot or boundary lines is not indicated by means of figures, then the property or lot lines shall be the boundary lines.
3. Boundary lines located outside of such street lines and shown approximately parallel thereto shall be regarded as parallel to such street lines; and figures placed upon said map between such boundary lines and street lines are the distances in feet of such boundary lines from such street lines, such distances being measured at right angles to such street lines unless otherwise indicated.
4. In all cases which are not covered by the other provisions of this Section, the location of boundary lines shall be determined by the distance in feet, if given, from other lines upon said map, or, if distances are not given, then by the scale of said map.
5. Whenever any uncertainty exists as to the exact location of a boundary line, the location of such line shall be determined by the Inspector of Buildings, provided, however, that any person aggrieved by his decision may appeal to the Zoning Board of Appeals, as provided in Section 4.

ADMINISTRATION AND ENFORCEMENT

Section 2. Enforcement.
1. This by-law shall be enforced by the Inspector of Buildings appointed under the building code of the Town of Arlington, and no permit shall be granted for the construction, alteration, relocation or use of any building or structure, if the building or structure as constructed, altered, relocated or used would be in violation of any provision of this by-law. Whenever such permit or license is refused because of some provisions of this by-law, the reason shall be clearly stated in writing.

2. If the Inspector of Buildings shall be informed, or have reason to believe, that any provision of this by-law has been, is being or may be violated, he shall make or cause to be made an investigation of the facts and inspect the property where the violation may exist. If he shall find any such violation he shall give notice thereof in writing to the owner or to his duly authorized agent and to

the occupant of the premises, and order that any use of any building contrary to the provisions of this by-law shall immediately cease.

3. If, after such notice, the premises are continued to be used in a manner contrary to the provisions of this by-law, or if any such owner or occupant shall fail to obey any lawful order of the Inspector of Buildings in respect to any violation or use contrary to the provisions of this by-law, the Inspector of Buildings with the approval of the Board of Selectmen may, and if required by them shall, institute appropriate legal proceedings to enforce the provisions of this by-law or to restrain by injunction any violation thereof, or both, and shall do all further acts, revoke the permit for occupancy, institute and take any and all such action as may be necessary to enforce the provisions of this by-law.

Section 3. Occupancy Permit

1. No building hereafter erected, altered substantially in its use or extent or relocated shall be used, and no change shall be made of the use of any building or of any parcel of land, unless an occupancy permit signed by the Inspector of Buildings has been granted to the owner or occupant of such land or building. Such permit shall not be granted unless the proposed use of the land and building and all accessory uses comply in all respects with this by-law and no use shall be made of such land or building that is not authorized by such occupancy permit.

Section 4. Zoning Board of Appeals

1. A Zoning Board of Appeals is hereby established, to consist of three members to be appointed by the Board of Selectmen. All members of said Zoning Board shall be residents of the Town of Arlington, and one member shall be an Attorney-at-Law, and at least one of the remaining members shall be a registered architect or a registered civil engineer. The appointments first made shall be for the term of one, two, and three years respectively, so that the terms of one member shall expire each year. All subsequent appointments shall be for the term of three years. When the appointments are first made the Board of Selectmen shall also appoint two associate members for the term of two years each, such associate membership to be appointed every second year. No member shall act in any case in which he shall be interested, and in case any member or members shall be so disqualified, or because of absence from the town, or any other cause, he or they shall be unable to act, the remaining member or members shall, in a written statement, filed with the secretary, so certify, and name an associate member or members to act upon the particular matter. Whenever said associate member or members shall serve, he or they shall have all the powers conferred upon a regular member. If two or more members are absent or disqualified, the Board of Selectmen may appoint substitutes to act during such absence or disqualification. The said Zoning Board of Appeals shall organize yearly, choosing a chairman and a secretary.

2. The Board shall adopt rules, not inconsistent with the provisions of the by-laws of the Town, for conducting its business and otherwise carrying out the purpose of the Zoning by-laws. Meetings of the Board shall be held at the call of the chairman, and also when called in such manner as the board shall determine in its rules. Such chairman, or in his absence the acting chairman, may administer oaths, summon witnesses and call for the production of papers. All hearings of the Board shall be open to the public. The Board shall cause to be made a detailed record of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and setting forth clearly the reason or reasons for its decisions, and of its other official actions, copies of all of which shall be immediately filed in the office of the town clerk and shall be a public record, and notice of decisions shall be mailed forthwith to parties in interest as hereinafter designated.

3. Any person aggrieved by the refusal of the Inspector of Buildings to issue a permit or license on the grounds of noncompliance with the Zoning by-laws may appeal to the Zoning Board of Appeals as provided in Chapter 40A of the General Laws and any amendments thereto.

4. No appeal or petition and no application for a special exception to the terms of this by-law which has been unfavorably acted upon shall be considered by the Zoning Board of Appeals within two years after the date of such unfavorable action except with the consent of all the members of the Planning Board.

5. Any person or persons desiring to obtain permission of the Zoning Board of Appeals for any purpose for which such permission is required under the provisions of this by-law shall make application in writing therefor to the Zoning Board of Appeals which shall, within a reasonable time, hold a public hearing thereon, seven days' public notice of which shall be given.

6. The Zoning Board of Appeals shall also, at least ten days prior to the hearing, send or deliver

written notice to all the owners of real estate opposite to or abutting on the property in connection with which any permission is sought, and to such others as the Zoning Board of Appeals may order or by regulation prescribe, and shall, at least ten days before the hearing, post a notice of the hearing, upon the property in a conspicuous location, adjacent to a street on which the property is situated, stating the nature of the petition in connection with which permission is sought. A copy of this notice shall be posted on the Bulletin Board at the Town Hall.

7. In the case of an appeal involving a change in use of land or building the Zoning Board of Appeals shall hold a joint meeting with the Planning Board to discuss the matter, preferably before the date of the public hearing or in any event before final action is taken by the Zoning Board of Appeals.

Section 4-A. Exceptions and Variances

1. The Zoning Board of Appeals may on petition, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the by-law in harmony with its general purpose and intent, in the following cases:

- (a) It may permit a Residence A District the alteration of a single family dwelling as a residence for not more than two families, provided that the external appearance of a single family dwelling be retained so far as reasonably practical.
- (b) It may permit in a Residence A District or B District a hospital, sanitarium or other medical institution.
- (c) It may permit the rebuilding, repair or extension of a non-conforming use as provided in Section 7, Paragraph 3.
- (d) It may permit in any District a particular use herein after specifically set forth as being permissible in the class of District in question if approval of said Board be obtained.

2. The Zoning Board of Appeals may also authorize variances in particular cases as provided in Sections 13 to and including 21 of Chapter 40A of the General Laws or acts in amendment thereof and in addition thereto. The grant of such variances may be of indefinite duration, or for periods not exceeding one year. Such temporary grants of variances may be renewed from time to time, except in the case of a new building or of an addition to an existing building, the aggregate of the periods covered by such temporary grants and the extensions thereof shall not exceed two years.

Section 5. Amendments
1. A copy of every petition for the amendment, modification or repeal of this by-law, including the Zoning Map and the boundary lines of the districts thereon, and of every article submitted or to be submitted to the Selectmen for insertion in the warrant for any Town Meeting relating to any such amendment, modification or repeal, shall be filed with the Planning Board on or before the date when such article is submitted to the Selectmen for insertion in the warrant.

2. The Planning Board, upon the request in writing of not less than ten registered voters of the Town shall, or upon its own initiative may, hold a public hearing for the consideration of any proposed amendment, modification or repeal of this by-law, provided that where a petition is filed such petition shall show that copies of the petition have been sent by registered mail to all abutters of the land referred to in the petition. The Planning Board shall report to the Town Meeting its recommendations with respect to the action to be taken thereon. Notice of such hearing shall be given by publication in a newspaper of general circulation in the Town, the first publication to be not less than ten days before the date assigned for the hearing.

3. No action shall be taken at any Town Meeting upon any proposed amendment, modification or repeal of this by-law unless a public hearing has been held thereon in the manner prescribed in the preceding paragraph, and the recommendations of the Planning Board have been reported to the Town Meeting, or twenty days have elapsed after such hearing without a submission of a report of its recommendations by the Planning Board to the Town Meeting; and no amendment, modification or repeal of this by-law shall be made except by two-thirds vote of a town meeting.

4. No proposed amendment to this by-law which has been unfavorably acted upon by the Town Meeting shall be considered on its merits within two years after the date of such unfavorable action unless the adoption of such an amendment is recommended in the final report of the Planning Board required by Section 6 to and including 9 of Chapter 40A of the General Laws.

GENERAL PROVISIONS

Section 6. Definitions

1. Unless otherwise expressly stated, the following terms shall, for the purpose of this by-law, have the meanings indicated.

2. Words used in the present

tense include the future. Words used in the masculine gender include the feminine and neuter; and in the feminine or neuter, the masculine. Words used in the singular number include the plural; and in the plural, the singular. "Lot" includes "plot"; "building" includes "structure"; "occupied" includes "designed or intended to be occupied"; and the "used" includes "designated or intended to be used."

"Accessory Use"—Is the use of a building or premises for a purpose customarily incidental to a use permitted in the district in which it is located.

"Alteration"—A change in a building which modifies its location, plan, manner of construction or the kind of materials used or in any way varies the character of its use.

"Apartment"—A portion of a building used as a dwelling by one family.

"Apartment House"—Any building containing three or more apartments.

"Basement"—That part of a building which has more than one-half of its clear height below the level of the finished grade.

"Boarding House (Home)"—A house in which a regular service of meals is furnished for persons or a remuneration.

"Building, existing"—A building already erected upon the effective date of this by-law.

"Building, new"—A building erected after the effective date of this by-law.

"Building, line"—The line established by law, beyond which a building shall not extend, except as specifically provided by law.

"Commercial Vehicle"—Any truck, tractor, cart or wagon, whether or not marked to indicate a business use, as well as any passenger car on which is painted or otherwise permanently affixed any writing to designate the business use or affiliation of the said car in the business, profession or occupation of the owner or user, shall be deemed to be a commercial vehicle for the purposes of this by-law.

"Corner lot"—Is a lot at the junction of and fronting on two or more intersecting streets or ways. Only that portion of the lot having a frontage on any one street of 150 feet or less shall be considered a corner lot. On a corner lot the front yard set back requirements must be complied with on each street.

"Court"—An unoccupied space other than a yard, inclosed on three or more sides and on the same lot as the building, but open to the sky, unobstructed by roof, sky-light or other appendages. A court which extends to the street, rear yard, front yard or side yard is an "Outer Court"; a court that does not thus extend is an "Inner Court".

"Duplex House"—Is a house containing two apartments adjoining side by side; that is, in which no part of one apartment is over any part of the other apartment. A duplex house shall be considered as one main building occupying one lot for the purpose of determining yard requirements.

"Dwelling"—A house or building or portion thereof which is occupied by one or more families doing their cooking on the premises.

"Family"—Is a number of individuals living together as a single housekeeping unit and doing their cooking upon the premises.

"Front Yard"—Is a space across the full width of the lot and extending from the front line of the building on such lot to the front line of such lot.

"Frontage"—The front part of a building or lot abutting on a public or private way. A corner lot fronts on the street on which it is numbered.

"Garage"—Any building, or part thereof, wherein is kept or stored one or more motor vehicles, or wherein the painting, repairing or greasing of motor vehicles is performed.

"Garage, private"—A garage in which no business or industry connected directly or indirectly with motor vehicles is carried on and in which only passenger cars are housed.

"Gross Floor Area"—The gross floor area of a building is the total area of all floors, including basement and mezzanines, measured to the exterior walls of the building, and including partitions, stairhalls, corridors and covered porches.

"Half Story"—Is any story which is under a sloping roof, where the point of intersection of the tops of the rafters and the face of the wall is less than three (3) feet above the floor level.

"Height of Building"—Is the vertical distance of the highest point of the roof above the mean finished grade of the ground adjoining the building, excluding penthouses, bulkheads and other allowable superstructures above the roof.

"Lot"—Is the parcel of land on which a Principal building and its accessories are placed, together with the required open spaces.

"Lot Line"—Is a division line between adjoining properties or a division line between individual lots established by a plan filed in the Registry of Deeds or Land Court.

"Occupancy"—Use or occupancy of a building, character of use, or designated purpose of a building or structure or portion thereof.

"Penthouse"—Is a small structure built upon the roof.

"Rear Yard"—Is a space across the full width of a lot and extending from the rear foundation line of the building located on such lot to the rear line of such lot.

"Rooming or Lodging House"—A house in which a business is made of renting rooms.

"Sanatorium or Sanitarium"—An establishment for the reception and treatment of invalids or convalescents where conditions are favorable and beneficial to the patient.

"Side Yard"—Is a space extending from the front yard to the rear yard between a building and the adjacent side line of the lot on which said building is located.

"Story"—That part of a building between any floor and the floor or roof next above.

For the purpose of this by-law, where a building is not divided into stories, a story shall be considered fifteen feet in height, provided that steeples, penthouses, cupolas, stage lofts, etc., shall not be considered as additional stories.

A basement or cellar, the ceiling of which extends more than four feet, six inches above the average finished grade, shall be a story within the meaning of this by-law.

"Street Line"—The dividing line between a street and a lot.

"Two-Family House"—Is a house containing two apartments, in which part of an apartment is over part of the other apartment. (See Duplex House.)

Section 7. Non-Conforming Buildings and Uses

1. This by-law and any amendment thereof shall not apply to buildings existing at the time of its taking effect or to the existing use of buildings or land.

2. If any building existing at the time this by-law takes effect is then legally used in whole or in part for a purpose for which a new building may not be constructed or used under the provisions of this by-law, this by-law shall not prohibit the changing of such use of such building or part to a use which is not substantially different from the existing use, provided the building is not altered structurally and provided further that the new use is not prohibited in the most restricted zone in which the present use would be permitted. However, no non-conforming use which is changed to a conforming use shall be permitted to revert to a non-conforming use.

3. Any building or part of a building which, at the time of the adoption of this amendment, is being legally put to a use not conforming with the regulations of the district in which it is situated may continue to be used for the same purpose or for purposes not substantially different, and may be repaired; but no nonresidential building, if destroyed to the extent of 75% of its value above the foundation, shall be rebuilt for non-conforming use. No non-conforming building shall be extended or enlarged except by permission of the Zoning Board of Appeals. The Zoning Board of Appeals may grant permission if such rebuilding, extension or enlargement would be in harmony with the general purpose and intent of this by-law, and not otherwise.

Section 8. Use of Land

The use of land for any purpose other than those specifically provided for in these by-laws is hereby forbidden. No sod, loam, sand, gravel or quarry stone shall be removed for sale (except when incidental to and in conformity with the construction of a building for which a permit has been issued in accordance with the Building Laws), except by permission of the Zoning Board of Appeals, such permission being obtained in accordance with the procedure provided in Section 4 and only when such permission would be in harmony with the general purpose and intent of this by-law and under such conditions as the Zoning Board of Appeals may impose. However, nothing contained in this section, or any amendment thereof, shall prevent the continued use of any land for the purpose for which it is legally being used at the time this section or any amendment thereof takes effect.

Section 9. Restrictions Affecting All Districts

No new building or part thereof shall be constructed or used, and no premises shall be used, and no building or part thereof shall be altered, enlarged, reconstructed, or used under the conditions designated as (a) and (b) of this section in any part of the town.

(a) For any purpose which by the emission or discharge of fumes, vapor, gas, dust, offensive odors, chemicals, poisonous fluids, or substances, refuse, organic matter or excrement, the causing of noise or vibrations, or by unduly increasing the risk from fire or explosion, or otherwise, would be dangerous or injurious to the public health or safety.

(b) For any purpose which would be for any reason injurious to the health, safety, morals or welfare of the community or harmful to property therein.

Section 10. Access and Parking for Business and Industrial Buildings

No driveway or other means of access for vehicles other than a public street and no parking space for private automobiles or commercial vehicles shall be maintained or used in any residence district to serve business or industrial buildings located in a business or industrial district.

Section 11. Corner Clearance in Residential Districts

Between the property lines of intersecting streets and a line joining points on such lines twenty feet distant from their point of intersection or in the case of a rounded corner, the point of intersection of their tangents, no building or structure in any residence district may be erected and no vegetation other than shade trees may be maintained between a height of three feet and seven feet above the plane through their curb grades.

Section 12. Reduction of Lot Area

No lot on which is located any building used for residence purposes in any district shall be reduced or changed in area or shape so that the building or lot fails to comply with the provisions of this by-law. This Section, however, shall not apply in the case of a lot a portion of which is taken for a public purpose.

Section 12-A. Location of Private Garages

Private garages shall be located not less than five feet from any other building except that such garages of first or second class fire protected construction may be located adjacent to any other building.

Section 12-B. Restrictions Affecting All Residence Districts

The storage or keeping of not more than one commercial vehicle in a private garage accessory to a dwelling shall be allowed if owned or used by a person residing in such dwelling. In no case, however, shall the regular open-air parking of any commercial vehicle be permitted in any residence district except with permission of the Zoning Board of Appeals.

RESIDENCE A DISTRICTS

Section 13. Use Regulations

In the Residence A districts, no new buildings or part thereof shall be constructed or used and no building or part thereof shall be altered, enlarged, reconstructed or used, and no land shall be used for:

- (a) Any industry, trade, manufacturing or commercial purposes;
- (b) Any purpose except one or more of the following:
 1. Single family detached dwelling house
 2. Physician's (M.D.) office in residence
 3. Farm (except the raising of livestock or poultry) or market garden but in no case shall goods or produce be sold that are not the natural products of the premises in question.
 4. Such accessory purposes as are customary or usual in connection with any of the foregoing purposes and are incidental thereto, including a private garage for not more than two cars.
 5. Church, school (except a music, dancing or riding academy) library or museum, hospital, sanitarium (or other medical institution) or a public utility building, provided the approval of the Zoning Board of Appeals is obtained in the manner set forth in Sections 4 and 4A. In no case, however, shall a public utility building be used for the general garaging or dispatching of automobiles or for storage of materials for construction or maintenance purposes.

Section 13-A. Area Regulations

1. Lot Area. In the Residence A districts, no lot shall have a frontage of less than sixty feet or an area of less than six thousand square feet and no building or buildings on any one lot, including garages, stables and other accessory buildings, shall be constructed, altered, enlarged, reconstructed or moved, so as to have an average gross floor area per story or more than 85 per cent of the area of the lot, provided, however, that this restriction shall not prohibit the erection of a private garage for not more than two cars which is accessory to and used with a building existing when this by-law takes effect and used as a residence for a single family.

2. Building Area. No one-story house shall have a floor area of less than 700 square feet. No house more than one story in height shall have a first floor area of less than 500 square feet or a second floor area of less than 250 square feet. Of the second floor area at least 125 square feet must have a clear head room of 7 feet.

Section 13-B. Height and Area Regulations

The height and area regulations in the Residence A district are hereby established as set forth in the "Schedule of Height and Area Regulations" attached hereto.

RESIDENCE B DISTRICTS

In the Residence B Districts, no new building or part thereof shall be constructed or used and no building or part thereof shall be altered, enlarged, reconstructed or used, and no land shall be used for:

- (a) Any industry, trade, manufacturing or commercial purpose;
- (b) Any purpose except one or more of the following:
 1. Any use which is permitted in a Residence A district.
 2. Two-family or duplex houses.
 3. Such accessory purposes as are customary or usual in connection with two-family or duplex houses and are incidental thereto, including a private garage for not more than two cars.

Section 14-A. Area Regulations

1. Lot Area. In the Residence B districts, no lot shall have a frontage of less than sixty feet or an area of less than six thousand square feet and no building or buildings on any one lot, including garages, and other accessory buildings, shall be constructed, altered, enlarged, reconstructed or moved so as to have an average gross floor area per story of more than 35 per cent of the area of the lot, provided, however, that this restriction shall not prohibit the erection of a private garage for not more than two cars which is accessory to and used with a building existing when this by-law takes effect and used as a residence.

2. Building Area. (a) No one-family, one-story house shall have a floor area of less than 700 square feet. No one-family house more than one story in height shall have a first floor area of less than 500 square feet or a second floor area of less than 250 square feet. Of the second floor area at least 125 square feet must have a clear head room of 7 feet.

(b) No duplex house shall have a floor area of less than twice that required for one-family buildings, as stated in the preceding paragraph.

(c) No two-family house shall have a floor area of less than 700 square feet per family unit, including stairways.

Section 14-B. Height and Area Regulations

The height and area regulations in the Residence B districts are hereby established as set forth in the "Schedule of Height and Area Regulations" attached hereto.

RESIDENCE C DISTRICTS

Section 15. Use Regulations

In Residence C districts, no new building or part thereof shall be constructed or used and no building or part thereof shall be altered, enlarged, reconstructed or used, and no land shall be used for:

- (a) Any industry, trade, manufacturing or commercial purpose;
- (b) Any purpose except one or more of the following:
 1. Any use which is permitted in a Residence B district.
 2. Apartment House
 3. Boarding house or lodging house
 4. Such accessory purposes as are customary or usual in connection with any of the foregoing purposes and are incidental thereto, including a private garage.

Section 15-A. Building Coverage and Court Regulations

1. In the Residence C districts, no building or buildings including garages shall be constructed, altered, enlarged, reconstructed or moved in such a way as to cover more than 25 per cent of the area of the lot for a building five stories in height, more than 30 per cent for a four-story building, or more than 35 per cent for a building of three stories or less.

2. Inner courts shall not be permitted in any building. Outer courts shall have a minimum width of 25 feet or two-thirds the average height of the walls surrounding the court, whichever is the greater. In no case shall an outer court have a depth greater than its width unless such width exceeds 50 feet, in which case the maximum depth permitted shall be one and one-half times the width.

Section 15-B. Parking Spaces

In the Residence C districts, automobile parking spaces shall be required off-street on land associated with each residential structure containing dwellings for three or more families erected after the date of adoption of this amendment. Such accessible and usable spaces, including space for entrances, exits, and driveways, in said off-street parking area shall be available at the ratio of at least 300 square feet of space (open or covered) for each dwelling unit in each such structure. Such off-street spaces shall not be within 15 feet of any street line nor in the front yard of any building unless within an underground or basement garage not opening directly onto the frontage street. All parking facilities so provided are to be for the exclusive use of residents of the property or their guests.

Section 15-C. Height and Area Regulations

The height and area regulations in the Residence C districts are hereby established as set forth in the "Schedule of Height and Area Regulations" attached hereto. Single and two-family houses constructed in a Residence C district shall be required to conform to the minimum area and yard requirements of the Residence B districts.

RESIDENCE D DISTRICT

Section 15-1. Use Regulations

In Residence D districts, no new building or part thereof shall be constructed or used and no building or part thereof shall be altered, enlarged, reconstructed or used, and no land shall be used for:

- (a) Any industry, trade, manufacturing or commercial purpose;
- (b) Any purpose except one or more of the following:
 1. Any use which is permitted in a Residence A district.
 2. Apartment House
 3. Such accessory purposes as are customary or usual in connection with any of the foregoing purposes and are incidental thereto, including a private garage.

Section 15-2. Building Coverage and Court Regulations

1. In the Residence D districts, no building or buildings including garages shall be constructed, altered, enlarged, reconstructed or moved in such a way as to cover more than 35 per cent of the area of the lot.

2. Inner courts shall not be permitted in any building. Outer courts shall have a minimum width of 50 feet. In no case shall an outer court have a depth greater than one and one-half times its width.

Section 15-3. Parking Spaces

In the Residence D districts, automobile parking spaces shall be required off-street on land associated with each residential structure containing dwellings for three or more families erected after the date of adoption of this amendment. Such accessible and usable spaces
